Mr. Lubin,

As we head into a new year, we'd like to take a moment to thank you and your team for helping to make the Fulton County Schools (FCS) Capital Improvement Program such a success. These past 4 years, more than 55,000 students have benefited from our current capital program and Diversified Construction was critical to our success. Thousands more will benefit from the remaining projects in our program.

Last month, we provided the FCS Board with an update on the current capital program and the Board was impressed with the results. You can find more information about this presentation at the following link:

Please pass along our best wishes to your team members and we look forward to working with you in the New Year.

Sincerely,
