To Whom It May Concern:

I had the opportunity to work with Diversified Construction of Georgia, Inc. on the Georgia State University General Classroom Building ADA Bathroom Renovation Project. This project included the demo and reconstruction of 6 restrooms to provide improvements and accommodations for persons with disabilities.

On this project Diversified Construction of Georgia, Inc. was the General Contractor and they worked in partnership with the architect and the University to bring this project to a successful completion. Diversified Construction of Georgia, Inc. demonstrated diligence and commitment to finish work in time and to exceed the standards and requirements of Georgia State University.

Again, I would like to express my gratitude to Diversified Construction of Georgia, Inc. for their cooperation and collaboration with Georgia State University and the successful completion of this construction project.

Sincerely,

A handwritten signature in blue ink that reads "Suzan Talley". The signature is written in a cursive style with a large, sweeping initial "S".
