To Whom It May Concern:

I had the opportunity to work with Diversified Construction of Georgia, Inc. on the DeKalb County N.H. Scott Recreation Renovation Project at 2230 Tilson Road, Decatur, GA. This project included the general construction required for addition of two new masonry structures. The work also included some interior selective demolition and renovation.

On this project Diversified Construction of Georgia, Inc. was the General Contractor and they worked in partnership with DeKalb County Government to bring this project to a successful completion.

Diversified Construction of Georgia, Inc. is demonstrating diligence and commitment to finish work in a timely manner and is exceeding the standards and requirements of DeKalb County Government. Again, I would like to express my gratitude to Diversified Construction of Georgia, Inc. for their cooperation and collaboration with DeKalb County Government and the successful completion of this construction project.
